

# **The Adventure of Eli and Skye**

**By Jillian Coleman**

## Setting:

**Arvive** - the fantasyland

**Zephyr:** sky setting - on clouds/magic, the inhabitants of Zephyr are humans, but they are friends with magic

1. Humans
2. Pegasi - no talking
3. Sinker bats: that come out at night
4. Green blobs: try to cover your body and suffocate you, you have to shake them off, these are alive, not a weapon

**Synchronum:** lava setting - monsters and some good guys

1. Monster Blobs - made of lava, will stick to you and try to burn you, to death
2. Lava Trolls - not made of lava but can withstand a lot of heat, they have axes and they are also bad guys
3. Fefus - little creatures that have a special weapon hidden inside their lava camp and they are red with little floofs on their head. The special weapon was made with the fefus and the humans and it was forged 200 years ago out of magic, metal, and the sky.

**Desolation View:** desert setting - monsters and 1 good guy again

1. Desert Trolls: they have cacti that they whack people with, they are very very very sharp
2. Barf-larfes - birds that barf boulders
3. Schnicks - solar powered robots, who do not fight, they make weapons out of tools and magic, they can upgrade anything

**Pasture Overlook:** grassland setting - 1 set of monsters and 2 good guys

1. Grass Trolls - they have swords, traditional armor, these leaders are always female and they have a horn and when the leaders blow the horn to call the trolls that are listening nearby
2. "Carl" - Demon - a good demon, the girl he captured, he went to try to make friends and the girl was playing and she wanted to see where he lived, so he showed her and he is like 100 years old, he wants to be human, Skye gives him a sword and he becomes a human, he always a demon. Luna gave him a name

**Very, very long ago**

## Characters:

**Skye:** girl, 13 years old, she likes adventure, and she's the hero of the Zephyr, the friend of royalty, she likes the King & Queen, Prince Eli is their son and Princess Fiona is 2 yo. Skye has a pegasus, but the pegasi will not go beneath the clouds.

**Prince Eli:** 13 year old boy, he likes to help people, he likes to fly with his pegasus named Light, who does not talk.

**Luna:** 5 & 3/4 year old, the lost child

**Demon - "Carl":** a good demon, the girl he captured, he went to try to make friends and the girl was playing and she wanted to see where he lived, so he showed her and he is like 100 years

old, he wants to be human, Skye gives him a sword and he becomes a human, he always a demon. Luna gave him a name

They can yell at the bad guys but they won't talk only grunt, the good guys can speak, all dialogue is between good guys. Skye and Eli get clues about where Luna is. "Oh yeah, we saw her being carried this way. Here is something to help you on your journey."

**Plot:**

One of the children of Zephyr, was playing around at night, which is very dangerous because the monsters come out at night. The child was taken down underneath the clouds to the land, where no one from Zephyr had been in a 100 years because that's where the monsters are. Skye decides she wants to help find the lost child. Skye sets out with Eli.

**Scene 1**

**Zephyr, morning, Eli and Skye at the pegasus stable, grooming and talking. Luna's Mom approaches to tell them Luna is missing.**

**Luna's Mom**

*(out of breath from running and looking for Luna, panting)*

Help, I need help. Luna has gone missing!

**Skye**

Hooooold on a second. Wait, what?

**Eli**

Huh?

**Luna's Mom**

*(still out of breath)*

Luna has gone MIISSSSSSSING!

**Skye**

When did you last see her?

**Eli**

Do you mean that she wandered off because a guy in a van had chocolate or like what?

**Luna's Mom**

She knows better than to accept chocolate from a man that doesn't have chocolate.

**Skye**

We should start searching for her IMMEDIATELY.

**Eli**

But we were going to ride our pegasi!

**Skye**

We can ride them when we get back.

**Luna's Mom**

Thank you, thank you, but she's definitely not on the island.

**Eli**

But where did she go then?

**Luna's Mom**

I don't know, that's why I need help.

**Skye**

Don't worry ma'am, we got this.

**Luna's Mom**

It's not you I'm worried about Skye.

*(glares at Eli)*

**Skye**

OOOOOOOOOOOOHHHHHH.

**Eli**

Uh, what? Did I miss something?

**Skye**

*(Grabbing Eli)*

C'mon Eli, we gotta go!

**Luna's Mom**

Good luck! Bring back my little girl!

**Scene 2**

**Zephyr, afternoon, Eli and Skye are packing their bags with swords and snacks and a shield.**

**Skye**

If we don;t find her by the ends of Zephyr, I think we need to go down to Synchronum.

**Eli**

The sinker bats of Zephyr are BAD ENOUGH, I don't wanna deal with the Lava Trolls of Synchronum.

**Skye**

But we have to.

**Eli**

Why? I don't even know Luna.

**Skye**

You're coming along whether you like it or not!

**Eli**

Ugggghhhhhh fine.

*(They start walking, and it's the dead of night, we hear the sinker bats flapping around.)*

**Skye**

Get your sword out!

**Eli**

RUUUUUNNNN!!!

*(Sinker bats (puppets) start dive bombing them from the sky. Eli hides behind Skye as she fights off the sinker bats with her sword. The sinker bats fly off, squealing. Eli stands up super proud.)*

**Eli**

Whew, that was a hard battle.

**Skye**

*(stares in disbelief)*

Are you kidding me?

**Eli**

What you do mean? You really compliment my sword skills.

**Skye**

*(sighs and turns around)*

Let's go, Eli.

**Eli**

Did you see me out there? *(paying with his sword)* As you were cowering behind me I was bravely slashing at them with my sword!

**Skye**

*(rolls her eyes VERY hard and gives him a little shove and keeps walking)*  
Let's see you keep that same energy for the green blobs.

**Eli**

Wait, what? We're actually gonna fight them? I thought we were just gonna...go around.

**Skye**

Hey, look! There they are!

*(they turn around to see the green blobs very quickly schlooooping at them because they have no feet. The audience hears the schlooping, these are also puppets. Skye readies her sword and Eli gets his out too. Eli closes his eyes and frantically swings it in the air as Skye expertly slices them into gooey-ma-jig)*

**Eli**

I hit them! I hit them! I hit them!

*(Skye wipes the slime off her sword, rolling her eyes, and tucks it back in its sheath)*

**Skye**

Ok, Hot Shot, let's brace ourselves for Synchronum.

**Eli**

Are you sure we checked all of Zephyr? There's not somewhere else we can look?

**Skye**

Whyyyyyyy? Scared of those Lava Trolls?

**Eli**

Yep, yep, yep.

**Scene 3**

**Synchronum, evening.**

*(lights fade to a flickery, flame, red and orange to indicate Synchronum, land of the lava)*

**Skye**

Phew, it is HOT down here.

**Eli**

Oh definitely too hot to live here! We should probably go back!

*(Skye sighs and keeps walking. Red fabric on the floor starts waving to create "blobs" and the audience hears bubbling burbling noises.)*

**Eli**

Oh no!!!! The monster blobs!!! I was so worried about the lava trolls I forgot about the monster blobs.

**Skye**

Well, I didn't. Why did you think I packed so much water? Quick!

*(Tosses a bottle of water to Eli, and they dump it on the bubbles as the bubbles rise higher, the audience hears a hissing sound, like steam and the lava lays down flat on the ground. Eli and Skye take a sigh of relief and before they can relax we hear the loud horn of the lava trolls.)*

**Skye**

No time to rest, quick get your sword!

*(we hear rumbling like a volcano and these big paper mache lava trolls come rolling in and Skye and Eli knock them into the audience with their swords.)*

**Eli**

Ow! They got my arm!

**Skye**

Hang on! There can't be that many more!

*(the rumbling stops and there are no more lava trolls)*

**Eli**

Whoooooooooooo that was a lot of lava trolls.

**Skye**

Yep! How is your arm?

**Eli**

*(shows the burn to Skye and Skye banadages)*  
OUCH!

**Skye**

It will hurt more if you don't let me take care of it.

**Eli**

Welllllll, I thought this was gonna be easy.

**Skye**

What, you thought it was gonna be easy?

**Eli**

I thought the monsters were gonna be easy!!!!!!!!!!

**Skye**

Oh geez, let's find something helpful around here.

*(They stumble unto the Fefus, which are the 4 run crew in black with hadn puppets that have red floofs on their heads.)*

**All Fefus:**

COLLECTIVE GASP!

**Head Fefu:**

It's the chosen ones!

**Eli:**

AAAAAAHHHH!!!

**Skye:**

Who are you?

**Head Fefu:**

We are the Fefus!

**All Fefus:**

Fefu fefu fefu!

**Skye:**

Yeah, but who are you again? I've never met a Fefu before.

**Eli:**

AAAAAAHHHH!!!

**Head Fefu:**

Follow us chosen ones, or should I say chosen ONE, since that one behind you SEEMS a bit interesting.

*(They all walk in a circle, Eli hiding and shivering behind Skye with fear, the Head Fefu leads the circle with the other Fefus bringing up the rear so Eli cannot run away)*

**Head Fefu:**

Our kind has been waiting a 100 years to give this to the chosen hero.  
*(Presents a large magical metal sword to Skye)*

**Skye:**

Ohhhhh so kind, what does it do?

**Head Fefu:**

It shoots lightning from the tip.

**Eli:**

What - wh - wha- what is it for?

**Head Fefu:**

It will help in many ways along journey in the Desolation View.  
*(Head Fefu hands an emerald to Eli)*

Here this will be very useful during your journey, I can't tell you what it is used for now, but it will become clear to you in time.

*(The Fefus all walk offstage half to either side. They then unfold the red cloth from the lava to cover the stage revealing a desert.)*

**Scene 4**

**Desolation View, sunrise, desert. Eli and Skye examining their new gifts, the sword and the emerald.**

*(The barf-larfes vomiting call plays)*

**Skye:**

Barf-larfes!!!! Run!!!!

**Eli:**

Use your sword!

**Skye:**

Good thinking, Eli.

*(Barf-larfes start swinging down from above and Skye swings the sword at them. Lightning sound and lighting effects with each swing and the barf-larfes fall to the ground as they are destroyed)*

**Eli:**

Ooooooh, that was easy.

*(We hear the hunting horn call of the trolls)*

**Skye:**

I wouldn't get too excited.

*(The desert trolls enter. They are the puppeteers in green armor with big cactus spikes)*

**Eli:**

Nooooooooooooo, the irony!!!

**Skye:**

This time, can you help me?!

**Eli:**

*(He draws his sword and half-cautiously charges toward the trolls as well)*

AAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHH!

*(Skye shoots lightning at them and Eli just throws his and hides behind Skye, and all the trolls run away after the first is hit. The Schnicks, played by remote control cars, start to make their way onstage slowly and timidly to see Skye and Eli.)*

**Eli:**

Nooooooooooooo, no more, WHYYYYYYYYYYYYY?

**Schnicks (vo):**

We're not bad guys, we're good guys. We've been waiting for you.

**Skye:**

Ohhhhhhh, these are the Schnicks! They're so cool.

**Schnicks:**

We are here to upgrade your sword and to bestow this emerald upon you.

**Eli:**

Now I have two emeralds, what am I supposed to do with this?

**Skye:**

Hang on to them, we'll find out in a little bit.

**Schnicks:**

Now this sword has the ability to teleport you and whoever or whatever you want, back to Zephyr or back to Synchronum. But remember, it can't be THAT big.

*(They begin to drive off)*

Good luck on your journey!

**Skye:**

Thank you!!!!!!

*(The stage crew removes the sand fabric revealing the shiny floor and the lighting transitions to green reflecting off the floor. Skye and Eli begin walking in a circle, we hear a troll horn, the green trolls horn.)*

**Skye & Eli:**

Oh no, not again!

**Eli:**

How many kinds of trolls can there be?

**Skye:**

I don't wanna look it up, just get your sword ready.

*(The puppeteer/stage crew members enter as the green trolls. These are the most skilled of the trolls, known for their leg sweeps. They have paper armor that is brown and green, but they most fight hand to hand. They all carry long wooden staffs, curved at the end, which they use for*

*the leg sweeps. Skye and Eli are swinging their swords to no avail. The green trolls keep sweeping their legs out from under them with the wooden staffs, each time they get up,)*

**Eli:**

These guys are tooo good!

*(Skye and Eli get their legs swept out from under them again and hit the floor.)*

**Skye:**

Brace for impact!!!!

*(Hit the ground again. Black out. Lights up and Skye and Eli are in a cage DSC.)*

**Eli:**

Uggggghhhh, where are we?

**Skye:**

*(Hops to her feet.)*

What? Where are we? How? How did we get here?

*(The green trolls enter.)*

**Luki** (green troll leader):

You will not leave this prison for the rest of your lives.

**Skye:**

Why?

**Luki:**

You're the elder one's chosen ones. DUH!

**Eli:**

Well, that doesn't make any sense whatsoever.

**Luki:**

I don't care, now I need to go to the annual troll meeting.

**Skye:**

What's the annual troll meeting?

**Luki:**

Only the trolls leaders get to go to this meeting. AND the Elder.

*(Luki turns and exits.)*

**Skye:**

Oooooookkkaaayyyyy, now that we know that some of them are gone, we should try to get out.

**Eli:**

NO, they said we would be stuck in here for the rest of our lives.

**Skye:**

Now's our chance to escape. *(Skye pulls out the teleporting sword)* Did you forget about this bad boy?

**Eli:**

I totally didn't. I was just testing your knowledge.

**Skye:**

Uh-huh, sure buster. Now I wonder how this works.  
*(She starts looking at the sword to figure out how it works and suddenly the lights start twinkling and the stage crew/puppeteers come on and lift/spin the cage while Skye and Eli spin as well.)*

Black out.

## Scene 5

**Pasture Overlook Waterfall, daytime. The waterfall is an arch of glitter blue streamers USC. Carl and Luna are staring at Skye and Eli.**

**Luna:**

EEEEEEEEEEEEEEEEEECH!

**Eli:**

EEEEEEEEEEEEEEEEEECH!

*(Luna stops screaming after a 4 count, Eli continues screaming. Skye puts her hand over Eli's mouth)*

**Carl:**

Hello, and who might you be youngsters?

**Eli:**

EEEEEEEEEEEEEEEEEECH!  
*(Skye puts her hand over Eli's mouth)*

**Luna:**

Hi friends! This is Carl, he is really really nice! He gives the best piggy back rides!

**Skye:**

Wait, we came to rescue you.

**Luna:**

Rescue me? From what? We were about to go back home.

**Eli:**

B-b-b-but he's evil.

**Carl:**

Me? No never! The only meat I have ever eaten in my life is chicken. But that was when I was very young. Frankly, I'm vegetarian.

**Skye:**

But what about your Mom?

**Luna:**

OOOOOOOH, I must have forgotten to leave a note. But we should probably head up now, so my mom stops worrying.

**Eli:**

What did we go on this long adventure for? I almost got killed FIVE TIMES!

**Skye:**

You improved in your braveness! You screamed a lot less than that time the bunny rabbit rubbed against you.

**Carl:**

Ahhhh humans, so amazing. I wish I was a human. But it takes three mysterious green crystals.

**Eli:**

Hey, I think we have those crystals.

*(Eli pulls the emeralds from his pockets and hands them to Carl. Carl's big sheet of an evil demon falls to the ground revealing a citizen of Zephyr.)*

**Skye:**

Now that we fixed this catastrophe, it's time to go back. We need to give thanks to the snitches for this teleportation sword. Everyone join hands so we can return to Zephyr.

*(They make a circle and Skye holds the sword to the sky. The lights twinkle again and everyone spins including the waterfall.)*

**Blackout.**

**Scene 6**

**Zephyr, morning, Eli, Skye, Luna, Carl and Luna's Mom**

**Luna's Mom:**

EEEEEEEEEEEEEEEEEEEEHHHHHHHHHH

*(This scream shifts from terror to happiness as she realizes Luna has appeared before her.  
Luna runs to her mom)*

**Luna:**

Mommy!!!!

**Luna's Mom:**

My baby!

*(They embrace.)*

Thank you thank you, Skye, Eli, and and whoever you are!

**Skye:**

It was a hard journey ma'am but we got her back!

**Carl:**

Now, I'm gonna go get a job, like a real human!

*(and he runs offstage)*

**Luna's Mom:**

What in the world? Anyway, come inside for some hot chocolate, I think you all deserve it.

**Eli:**

I wish I had those 3 emeralds, buuuuuut hot chocolate will do.

**Blackout.**

**End of play.**
